We take the privacy and security of your personal data very seriously. Our purpose for collecting the information required on this Horticulture Levy Return is to enable AHDB to fulfil its statutory functions, including levy collection and verification. We will supplement this with data, if required, from the public domain, third parties, satellite and other field scanning technologies, to help combat levy avoidance. If required, for regulatory or animal/plant health purposes, we will share your data with government departments and/or agencies (or their appointed agents) to enable them to assess risk and to contact you. As part of our statutory functions, we will also use your data to enable AHDB to carry out research and to contact you about how your levy is being spent, and ways in which you can engage and benefit. We will do profiling to understand how we can ensure our communications are more relevant and timely. We will also produce aggregated and anonymised reports to enable the industry to make better trading and business planning decisions. We will never sell your personal data to third parties, and the sensitive business information you provide will be treated as 'commercial in confidence'. For information on your data rights and for further details on how we use and protect your data and how you can contact us, please read the 'Privacy of your personal information' statement on page 6 of this levy return.

Statutory requirement

The Agriculture and Horticulture Development Board Order 2008 requires that, on or before 30 June each year, any person liable to pay levy on horticultural products under the Order must, using the Return form, provide sufficient information to enable the Board to calculate the levy due for the year ending 31 March that year.

You are required to pay levy if you grow horticultural products, sell them or anything derived from them and have an adjusted sales figure from those products or derivatives of £60,000 or more in any year ending 31 March. The Board believes you may be liable to pay levy.

Part 1: This part must be completed if you are liable to pay levy.

All figures entered in Boxes 1–6 should be extracted from your financial accounts for the accounting year ending between 1 April 2018 and 31 March 2019. For example, if your accounting period ends on 30 June, you would extract your figures from your accounts ending on 30 June 2018, (your accounting date that falls between 1 April 2018 and 31 March 2019).

Internal transfers between growing and retailing divisions within the business are not sales. Sales to another company within a group should be included.

Box 1a – Wholesale

Sales of your own produce to retailers, markets and other traders.

Box 1b – Retail

Sales of small quantities or individual items of your own produce to consumers from premises approved for retail use by the Local Authority and subject to National Non-Domestic Rates.

Box 2: Retail adjustment (50% of Box 1b)

This deduction makes an allowance for the added cost of operating retail premises reflected in the higher sales price of items sold.

Box 3: Packing materials

The cost of materials used in preparing the produce for sale.

- Protecting the product during transportation to market (eg cardboard, polystyrene, plastic cartons, boxes, punnets)
- Presentation packaging (eg plastic wrap, sleeving for cut flowers, labels, plant care labels and ornamental outer pots)
- Excluded are pots, growing trays or growing media

Please note that you may include in this deduction the net cost (see below) to you of plants grown on to fruit or vegetables that will be sold (eg apple trees, strawberry plants, raspberry canes, cucumber plants etc.). Net cost is the amount it has cost you after the deduction of any subsidies or grants received (eg any matching subsidies from EU producer organisations). Please note that the sales value of such produce should be included in Box 1. The cost of seed is not deductible.

How Do I Pay?

If you are liable to pay levy, you can pay in the following ways.

• **Single payment in full on invoice**

If you fail to return the Horticultural Return by 30 June 2019 or do not wish to pay by Direct Debit instalments, the full amount of levy is payable on invoice. Either a valid Direct Debit mandate must be in force or payment in full must be received on invoice, failing which, debt recovery procedures may be implemented.

• **Direct Debit**

To pay by Direct Debit instalments, you need to have completed and returned your Horticulture Return Form by the due date and the Board needs to hold a valid Direct Debit mandate. Payments will be collected over four Direct Debit instalments on 31 July 2019, 30 September 2019, 31 December 2019 and 16 March 2020. If the mandate is cancelled or not honoured, any levy outstanding becomes due immediately, including any future instalments.

What happens if I don't fill in the return?

If you are liable under the Order to pay the AHDB Horticulture levy, it is a criminal offence not to complete the Horticulture Return Form, in which case legal action may be taken.

Difficulties completing the Return or paying the levy

The Board, in implementing the Order fairly and consistently, has to take legal action against a very small minority of growers who fail to complete the Return on time (a criminal offence) or pay the levy invoice (a civil debt). The grower will often incur legal costs arising from these defaults, in addition to any levy due. The administration and the Board's legal costs required in those circumstances also divert funds away from essential research work to the detriment of other growers. If you find you are having difficulties in either completing the Return or in paying the levy (even taking into consideration the Direct Debit instalment facility), please keep us informed on 024 7647 8937. If you do not keep us informed of any such difficulty, the Board will act on the assumption that you are attempting to avoid the statutory requirements under the Order.

Accountant Certification

Each year, the Board, as part of its systematic levy audit procedure, selects a number of growers in order to verify their sales figures. Therefore, if you are selected, you must ensure that a qualified accountant completes the certificate before submitting your Return to the Board's office. If you do not do so, your return will be invalid. It is not the Board's intention that growers incur considerable extra expense in having the certificate completed and most accountants will provide this service as part of the annual audit/accountancy work or charge just a small additional fee. As an alternative, you may attach a copy of your annual accounts providing verification of all the sales and deduction values entered by you on the Return (ie they should include profit and loss account and any supporting schedules). The Board reserves the right to seek further verification of any information provided in lieu of an accountant's certificate. If you or your accountant have any further queries regarding certification, please contact the Levy Team on 024 7647 8937.

Fairness

We give help and advice whenever we can, however, the responsibility for submitting accurate returns on time, rests with each grower and is a legal requirement. Our staff carry out monitoring and audit activities to ensure the regulations are applied fairly and consistently. We have a clear message from the industry that it expects us to do so.

We will retain your personal information for no longer than necessary for the purpose it was obtained, unless a longer retention period is required or permitted by law.

Your Rights

By law you have certain rights over your personal data that we hold – see www.ico.org.uk for guidance on your rights.
